Price List for Spring of 1895.

HERMOSA GARDENS,

FRED RAFFERTY,

Wholesale and Retail Florist,

SANTA ANA, CAL.

ORANGE COUNTY HERALD PRINT.

Terms of Sale.

All seeds are sent postpaid at prices quoted.

All orders for plants or bulbs amounting to \$2.00 or more will be delivered by mail to any part of the United States at prices quoted. Smaller orders must be accompanied by 15 cts. to 25 cts. extra if they are to be sent by mail.

All plants carry better by express, and extras will be added in such cases to compensate for part or all of the charges.

FLOWER SEEDS.

These are all of my own raising, except the mixed Pansy seed, and great pains has been taken in their selection, so that the purchaser can be assured of getting as good an article as can be found elsewhere, and in most cases better than is usually offered.

ASTER—PEONY-FLOWERED PERFECTION
and

VICTORIA varieties mixed..... 10

BALSAM—Saved from finest double flowers.
Mixed colors..... 10

BEGONIA—SEMPERFLORENS. This pretty
white-flowered Begonia is always in
bloom and easily grown..... 15

VERNON. Style of growth is similar to the
preceding one, but the leaves are quite

bronzy when grown in full exposure to
the sun. Flowers red 20

These two Begonias are excellent border
plants and the only ones that will stand
much exposure to strong sunlight.

MCBETHII. A fine variety for a house
plant. Slender in growth, but a free
bloomer. White..... 15

CALLIOPSIS—GOLDEN WAVE. A valuable
flower, both for bouquets and for
bedding..... 10

CANNA—DWARF FRENCH, mixed.....	10	MIGNONETTE—BIRD'S MAMMOTH.....	05
CARNATION—MARGUERITE. These grow readily from seed, and in from four to six months produce quantities of fine blossoms, nearly all double and quite fragrant.....	10	SWEET PEAS. These are all the rage among flower lovers at present, and certainly nothing is more dainty or pleasing. I have the following varieties in separate colors.	
COSMOS—LARGE FLOWERED. Fine for cut flowers. White, pink and mixed, each..	05	ALBA MAGNIFICA. Pure white.	
CYCLAMEN—PERSICUM GIGANTEUM. These choice plants grow easily from seed. Plant in winter or spring and do not let the surface of the soil become dry at any time, neither must it be continually saturated.....	20	BOREATTON. Dark chocolate maroon.	
DIANTHUS—SINGLE. The Chinese or summer pinks.....	10	DOROTHY TENNANT. Rosy Mauve.	
DOUBLE.....	10	MRS. ECKFORD. Creamy white. Fine.	
ESCHSCHOLTZIA—CALIFORNICA. The yellow California poppy. Prized by everybody.....	10	MISS HUNT. Pale carmine-salmon and pink.	
FREESIA—REFRACTA ALBA. These grow readily from seed and bloom the first year if planted early.....	10	IGNEA. Carmine.	
GALLAIRDIA—GRANDIFLORA. A showy and easily grown plant for the garden...	05	PURPLE.	
GLADIOLUS—HYBRIDS OF GANDAVENSIS. Easily grown if the soil mulched to retain moisture until the seeds germinate.....	10	SENATOR. Chocolate stripes on cream ground.	
HYBRIDS OF LEMOINEI. Choice colors, but flowers not so perfect in shape as the preceding.....	10	SPLENDOR. Rich bright rose.	
LILIUM—HUMBOLDTII. Our fine native mountain Tiger Lily.....	10	Each variety, per packet.....	10
		Mixed, including all these and others....	10
		PANSY—GIANT YELLOW.....	10
		CHOICEST MIXED. A wide range of color..	10
		GIANT MIXED. The largest flowers, but not so many fine colors as the preceding.	10
		PETUNIA—Single mixed.....	10
		GIANTS OF CALIFORNIA. A magnificent strain. Single mixed.....	20
		POPPY—BLACK KNIGHT. Double. Very dark.....	05
		EMPRESS OF CHINA. Dainty colors. Fringed petals. Double and single, each.....	10
		LARGE FLOWERING. Double mixed.....	05
		SHIRLEY.....	10
		VERBENA—MAMMOTH. Mixed colors.....	10

LIST OF BULBS

FOR SPRING PLANTING.

AMARYLLIS—BELLADONA. Pink flowers in August. Large bulbs.....	50	AURATUM. Fragrant, white, spotted red. Yellow stripe in each petal.....	25
(HIPPAESTRUM)—HYBRIDS. Very fine. Blooming size.....	25	HUMBOLDTII. Our native Tiger Lily.....	15
JOHNSONI. The common variety. Large.....	25	CANDIDUM. The common white lily.....	15
BEGONIA—TUBEROUS ROOTED. This is my great specialty. I am the second largest grower of them in the United States, and from my stock of 20,000 can furnish bulbs as fine as the finest. Price varies according to size of bulb and quality of blossom.....	from 5 to 20	ELEGANS ATROPURPUREA. Dark purplish red.....	25
Good average bulbs in any color.....	10	LONGIFLORUM. White trumpet lily.....	20
CALADIUM — ESCULENTUM. "Elephant's ear".....	15	HARRISII. Bermuda Easter Lily.....	20
CRINUM — LONGIFOLIUM ALBUM. "White Amaryllis".....	15	PARRYI. Native variety. Fine yellow.....	50
GLADIOLUS—From my stock of several thousand bulbs I can select anything you want. Price varies according to size and quality. Each.....	5 to 20	SPECIOSUM. "Japan Lily".....	20
Dozen.....	15 to 2.00	" ALBUM. Pure white.....	25
GLOXINIA—A fine house or greenhouse plant. Strong bulbs.....	10	" MELPOMENE. Very dark.....	35
LILIES—These are best sent out in fall and early winter as dry bulbs. I have a few bulbs of some kinds left yet. I can supply growing plants in pots at any time. Prices of bulbs will be given in list next fall. Following prices are for plants in pots:		WASHINGTONIANUM. A very fine fragrant native lily. White with purplish shading.....	40
		MONTERETIA—CROCOSMIEFLORA. A small free growing bulbous plant, showing quantities of orange red flowers in August.....	05
		Dozen.....	15
		Hundred.....	75
		CROCOSMIEFLORA ROBUSTA. A stronger growing, larger flowered variety.....	05
		AUREA. Rich yellow.....	05
		SULPHUREA, Pure yellow.....	05
		TUBEROSES—Strong bulbs.....	05
		TIGRIDIA—CONCHIFLORA. The "Mexican Shell-Flower." Yellow. Very pretty.....	05
		TYDEA—GRANDIFLORA. A handsome pot plant. Good roots.....	10

GENERAL LIST OF PLANTS.

AGERATUM — MEXICANUM. Very pretty for single plants or for border. Blue and white. Each	05	TWEEDIANA. More slender in growth. Large yellow flowers.....	25
Dozen	35	CACTUS—EPIPHYLLUM TRUNCATUM. The "Lobster Cactus"	15
ASPARAGUS — PLMNOSUS NANUS. An elegant climber. Foliage prettier than a fern	25	PHYLLOCACTUS LATIFRONS. Bears magnificent white flowers.....	20
ALTERNANTHERA—The best plant for color effect in carpet or ribbon-bedding. Yellow and red. Each variety, dozen....	25	CALLA LILY—Good roots	10
Hundred	1 50	CANNAS—These free-flowering plants are especially valuable for massing, and bloom from June until cut back by frost.	
BANANA—Occasionally bears fruit in this climate. Quite ornamental.....	25	MADAME CROZY. The best scarlet. Petals generally bordered with gold	
ABYSSIAN (MUSA ENSETE). A very ornamental plant for tropical effect.....	25 to 50	CHAS. HENDERSON. The best crimson.	
BEGONIAS — FIBROUS ROOTED and FANCY LEAVED. Many of these are known to most flower-lovers, so I will not give a description here. All are worth growing and easily grown. Begonia Vernon is a very satisfactory border plant, and Semperflorens also:		FLORENCE VAUGHAN. Perfect flower. Yellow, heavily spotted with red.	
ALBA PICTA.....	10	J. D. CAROS. Bronzy leaves. Apricot colored flowers.	
ARGENTEA GUTTATA.....	10	EGANDALE. Fine bronzy foliage, flowers currant red.	
DE LESSEPS.....	15	A. BOUVIER. Good crimson. Taller than "Chas. Henderson."	
DIADEMA	15	CAPT. SUZZONI. A tall, yellow-flowered sort.	
GILSONI	15	COUNTESS L'ESTOILE. A good spotted yellow.	
MANICATA	15	MARQUIS DE L'AIGLE. A free-growing variety. Flowers similar to "Madame Crozy," but smaller.	
MARGARITA	10	G. W. CHILDS. A very dwarf scarlet and gold variety.	
NITIDA ROSEA.....	10	NELLIE BOWDEN. Nearly pure yellow; medium-sized flower.	
RICINIFOLIA	10	STAADTGAERTNER SENNHOLZ. A good red.	
" MACULATA	15	SEC. STEWART. A fine dazzling crimson.	
REX—MME. TREYVE.....	15	MAURICE MURSY. A bright crimson, with long petals.	
RUBELLA.....	15	HERMOSA. A fine spotted yellow. More dwarf than other yellows.	
THURSTONI	10	Strong roots of any of the above varieties, each.....	10
SEMPERFLORENS	10	CARNATIONS—SILVER SPRAY. Pure white. Better foliage than the following variety.	
VERNON	10		
The last two I can offer in quantity at Dozen	35		
Hundred	2 00		
BIGNONIA—VENUSTA. A very handsome climber bearing large bunches of orange colored flowers	25		

LIZZIE MCGOWAN. Pure white; blooms more fully than "Silver Spray."

TIDAL WAVE. Rich, dark pink. Fine.

PORTIA. Good scarlet.

GOLDEN GATE. Yellow.

GRACE WILDER. A pretty, soft pink.

Dozen	75
Each	10

CHRYSANTHEMUMS—

BARONALD. Red and gold.

BLACK BEAUTY. Good dark crimson.

BRIDE OF ROSES. Early; lavender pink.

BRIDE OF VENICE. Early; paper white.

MOLLY BAWN. White; very pretty.

MONS. ROUX. Bronzy yellow; globe-shaped flowers.

MOONLIGHT. A fine white.

MR. C. ORCHARD. Bronzy red and yellow.

MRS. CARNEGIE. Crimson and gold.

MRS. E. D. ADAMS. Cream; very large.

MRS. DREXEL. Very attractive; rich, claret purple.

MRS. EDISON. Nearly white; shaded pink.

MRS. E. SMITH. White.

MRS. I. CLARKE. Large, flat pink flower.

MRS. MADEIRA. Yellow; globe-shaped.

MRS. R. CRAIG. Incurved; creamy white.

ROSLYN. Rose.

SUNRAY. Bronzy yellow. A fine flower.

VIVIAND MOREL. A fine pink.

W. H. LINCOLN. Yellow flower. Flat.

W. W. COLES. Terra cotta.

ZENOBIA. An excellent white.

An extended description of so many varieties cannot be given in this small catalogue. There is not a poor one in the list.

Your choice, dozen	1 00
My choice, "	75

COLEUS. A number of fine varieties, each	10
In quantity in April; dozen	35

CYCLAMEN PERSICUM GIGANTEUM—

Very fine winter-blooming plants, for house or planting out in shaded or sheltered location; perfectly hardy. According to size..... 15 to 40

CYPERUS ALTERNIFOLIUS — "Umbrella Grass." A graceful ornamental plant... 20

ECHEVERIA—"Hen and Chickens." Very suitable for borders in a sunny location. Two varieties.

Dozen	25
Each	05

FUCHSIAS—A half-dozen good varieties. Each 10

FERNS—These I grow by the thousand for the wholesale trade. There is nothing prettier in the way of ornamental plants.

<p>se are all different species of "Maiden-hair." The first is the most common greenhouse fern and probably the easiest to grow. The last is the most elegant of all ferns, but is not easy to grow.</p>		<p>HELIOTROPE—Light, medium and dark colors. Each 10</p>
<p>ASPENIUM BULBIFERUM. Easily grown. Bears young ferns on the leaves 15</p>		<p>HYDRANGEA—HORTENSIA. Pink 15</p>
<p>CYRTOMIUM FORTUNI. A Japanese fern. 20</p>		<p>ROSEA. Rose color 15</p>
<p>DIDYMOCHLOENA TRUNCATULA. Much prettier than the name 25</p>		<p>IPOMEA—LEARI. "Blue Dawn Flower." A very fine climber 15</p>
<p>DAVALIA STRICTA. A pretty variety with finely divided fronds 20</p>		<p>SPECIES. A lighter colored variety 15</p>
<p>LASTREA OPACA. A strong grower 25</p>		<p>IVY—ENGLISH 10</p>
<p>LOMARIA CILIATA 25</p>		<p>GERMAN 10</p>
<p>NEPHRODIUM HIRTIPES 20</p>		<p>JACARANDA—A rapid-growing ornamental tree with fern-like foliage 25</p>
<p>NEPHROLEPIS EXALTATA. The sword fern 25</p>		<p>JASMINE—GRANDIFLORUM. A good slender climber, with exquisitely fragrant white blossoms 20</p>
<p>NEPHROLEPIS PHILLIPENSIS. A more slender variety 20</p>		<p>LINARIA—CYMBALARIA. "Kenilworth" Ivy. A quick-growing, little trailing plant. Five for baskets 10</p>
<p>POLYSTICHUM COREACEUM 20</p>		<p>LAVENDER—The old-fashioned plant from our grandmother's garden 15</p>
<p>" SETOSUM 20</p>		<p>LOBELIA—ERINUS. A compact-growing little plant, covered with intense blue flowers.</p>
<p>PTERIS SERRULATA. The ribbon fern 15</p>		<p>Dozen 35</p>
<p>" ADIANTOIDES. Quite distinct 20</p>		<p>Hundred 2 00</p>
<p>" INTERNATA 20</p>		<p>MANETTIA—BICOLOR. A vine with odd but pretty crimson and gold blossoms 20</p>
<p>" LEPTOPHYLLA 20</p>		<p>PELARGONIUMS—"Lady Washington" geranium 15</p>
<p>" RUBRO-VENIA 20</p>		<p>PETUNIA—GRANDIFLORA. One of the easiest grown and most satisfactory garden plants. The strain I offer produces enormous blossoms of very rich colors 05</p>
<p>" SIEBOLDI 20</p>		<p>Dozen 45</p>
<p>" OURARDI 25</p>		<p>DOUBLE-FLOWERED. Some of the finest named kinds. Ten varieties. Each 10</p>
<p>" TREMULA. Easily grown 15</p>		<p>Set of 10 75</p>
<p>SELAGINELLA. The "club mosses." The creeping varieties are fine for carpeting the soil in large pots.</p>		<p>(Ready in March.)</p>
<p>SELAGINELLA AMELIANA. Upright growing variety 10</p>		<p>PANSY—I have in stock at nearly all times of the year a quantity of these popular plants. The finest strain procurable.</p>
<p>SELAGINELLA DENTICULATA. Creeping variety; green 10</p>		<p>Dozen 25</p>
<p>SELAGINELLA KRAUSSIANA AUREA. Yellow 10</p>		<p>PLUMBAGO—CAPENSIS. A shrubby climber. Very popular in California for the peculiar blue of the blossoms 25 to 50</p>
<p>GENISTA—FRAGRANS. A small-leaved, shrubby plant, covered with fragrant yellow flowers in spring 15</p>		<p>PALMS—I have a nice lot of young plants of the following kinds, one year old. They do not show the character leaf as yet.</p>
<p>GERANIUMS—I have a number of grand new varieties, far superior to those usually grown. White, salmon, crimson, scarlet, violet, rose, pink and white, etc. 10</p>		
<p>IVY-LEAVED. Pink, dark pink, and rose crimson. Each 10</p>		
<p>SCENTED-LEAVED 10</p>		

WASHINGTONIA ROBUSTA. The common fan palm	10	ROSEMARY—A companion for the lavender	15
CHAMEROPS HUMILIS ARBOREA. A smaller leaved fan palm	10	SOLANUM—JASMINOIDES GRANDIFLORUM. A rapid climber, bearing large bunches of white blossoms	10
PHOENIX CANARIENSIS. A fine variety of the date palm	10	WENDLANDII. A magnificent climber. Generally drops the leaves in winter. Immense bunches of very large blue flowers	25
ERYTHEA ARMATA. The "blue palm" of Lower California	25	SMILAX—Strong roots	10
PRIMULA—CHINENSIS. The Chinese primrose; white and red. Each	15	SELAGINELLAS—See Ferns.	
POINSETTA—PULCHERRIMA. A Mexican shrub. Rich scarlet flower bracts at Christmas time	25	SANTOLINA—CHAMECYPARISSUS. A very pretty border plant, with fine, silvery leaves. Can be sheared to any shape, like a cypress hedge. Perfectly hardy. Dozen	25
ROSES—Small, each	10	Hundred	1 50
One year old	15 to 25	STAPELIA—VARIEGATA. A cactus-like plant having odd, leathery blossoms	15
I can supply most of the following well-known varieties at any time:		TECOMA—JASMINOIDES. A strong climber. Large white flowers with red throat	25
<i>Bride.</i>		McKENNI. Much like the preceding in growth. The flowers are in large bunches, pink veined with red. Handsome. 25 to 50	
<i>Perle des Jardines.</i>		VIOLETS—SWANLEY WHITE. Double	05
<i>Marie Henriette.</i>		SINGLE BLUE	05
<i>Lamarque.</i>		VERBENAS—"Mammoth" strain. A valuable plant for this country, as they bloom nearly the entire year. Scarlet, crimson, white, pink, purple, etc. Each	05
<i>James Sprunt.</i>		Dozen	40
<i>Marechal Neil.</i>			
<i>Catherine Mermet.</i>			
<i>Sunset.</i>			
<i>Duchess de Brabant.</i>			
<i>Louis Felippe.</i>			
<i>Marie von Houtte.</i>			
<i>Safrano.</i>			
<i>Bon Silene.</i>			
<i>Mme. Watteville.</i>			
<i>La France.</i>			
<i>Mme. Veyssset (the striped La France).</i>			
<i>Duchess of Albany.</i>			
<i>Niphetos.</i>			
<i>Etc., etc.</i>			

I have a choice collection of large plants in pots for decorative use—Ferns, Begonias, Foliage Plants, etc.

A variety of Cut Flowers can be had at low rates in their season.

Flower Pots of all sizes and all Potting Materials kept in stock.

I expect to issue a fall list of Bulbs, Seeds, etc. If you do not receive one, send your address at any time and one will be forwarded.

Extra copies of this list will be sent on request.
